Kedrion S.p.A., a company incorporated under the laws of Italy, is issuer of debt securities listed on the Irish Stock Exchange and as such is required to comply with the Market Abuse Regulations. Kedrion S.p.A. has adopted the following procedure that governs the reporting obligations in relation to transactions involving financial instruments made by the Relevant Persons in order to prevent potential unlawful behaviour.

The Relevant Persons (as defined in this procedure) are required to:

- (i) Identify the Closely Associated Persons (as defined below) and communicate their data to Kedrion S.p.A. The Company shall use this information to establish and maintain a register of Relevant Persons and Closely Associated Persons;

- (iii) Disclose and ensure that the Closely Associated Persons disclose to the Company and CONSOB the details of any Relevant Transactions (as defined below) in relation to the listed debt instruments issued by Kedrion S.p.A.;
- (iv) Abstain from performing Relevant Transactions for their own account or on behalf of third parties, directly or indirectly, during so-called blackout periods, i.e. within the 30 days preceding the announcement of the financial statements.

Generally, all those who are in possession of Inside Information are prohibited from performing transactions on Relevant Financial Instruments, during the period in which they are in possession of such information.
